Subject: E&C Question

Rick and Steve

I understand you got a call from Jerry Couri at Energy & Commerce about the provision amending FIFRA Section 5(a) on EUPs. Just so we are clear, the request for the change to that section came from you guys. As I got the request from Marty and Pete, it was to resolve any discrepancy on timeframes for EUPs, since those times are covered in Section 33. This was not an industry request.
